

# Report on the Slovak World Thrombosis Day

The World Thrombosis Day (WTD) was held in University Hospital, Martin, Slovakia on October 13, 2014 at 1 PM.

The spirit of this day was widely communicated to many of national and local media, - TASR – Slovak Press Agency, My Turiec – local newspaper, TV Markiza – national commercial TV [http://videoarchiv.markiza.sk/video/televizne-noviny/21571\\_televizne-noviny](http://videoarchiv.markiza.sk/video/televizne-noviny/21571_televizne-noviny)

TV Turiec – local TV <http://www.tvturiec.sk/video/847-spravy-15-10-2014>

Prof. Kubisz communicated the most important information to medical and non medical people.

There were two lectures:

1. Sokol J., Kubisz P.: „History of venous thrombosis (prof.Virchow biography)“
2. Stanciakova L., Stasko J., Dobrotova M., Holly P., Sokol J., Kubisz P.: „Hemophilia and arterial thrombosis“
